Every employee has to submit a self-appraisal report to the superior, which is forwarded to higher authorities with the comments of the higher non-teaching authorities. All the subsequent actions, like promotion increments and bestowing other facilities, depend on the ultimate grade of performance of the concerned employees. A similar system operates for giving all the details of his duty performance and other academic activities and research activities and monitors the co-curricular activities of the student. This self-appraisal form is commented upon by the Head of the Department, and ultimately it is a record with the Vice Chancellor. Any actions, positive or negative, regarding the concerned teacher depend upon his performance in the preceding year. The university has a system to appreciate all the teachers & non-teaching employees who have scored well in their appraisal, and all those employees failing these expectations of the management are advised and sometimes warned to improve their performance to

		make good the shortfall. This balancing act is done by the university authority regularly. The university evaluates the work of teaching and non-teaching staff on their educational qualification, experience, departmental efficiency, progressive practices as per university rules, and their continuity of efficient work with Maharishi Mahesh Yogi Vedic Vishwavidyalaya. Each academic year, it is the responsibility of university officers to review with teaching and non-teaching staff their performance expectations and goals for the upcoming year, provide feedback, hold seminars and meetings throughout the year, and finally, evaluate their staff's job performance at the end of the academic year. There is an effective performance management process at Maharishi Mahesh Yogi Vedic Vishwavidyalaya, which includes the following: 1. Planning and discussing the expectations, job responsibilities, and performance standards of all the teaching and non-teaching staff. 2. Providing ongoing coaching and feedback to support success 3. Evaluating the level of achievement of goals and demonstration of performance standards using the Staff Performance Appraisal Form. Non-teaching staff performance appraisal forms include attitude towards co-workers, attitude towards students/public, perceptivity and sensitivity, staff and student relations, dependability, attendance and job performance, initiative, response to supervision, judgment and decision-making, method of expression, potentialities, innovation and creativity, and job knowledge. 15.4	Any other information (including special achievements by the University which may be relevant for the University)	The distinctive and unique area of MMYVV is the study, practice, and propagation of science and Technologies of Consciousness, which somehow is not available in most of the educational institutions. His Holiness Maharishi Mahesh Yogi ji, the founder chancellor and the foremost scientist of Consciousness revived the ancient Indian Vedic knowledge from its very basis, the simplest state of Human Consciousness, the techniques to experience Pure Consciousness, Harnessing the Infinite creativity, its expression in the hymns of the Vedas and Vedic literature ultimately manifesting in the form of the whole ever-expanding universe, thereby providing science and technologies to create a peaceful, progressive and harmonious world. MMYVV, since its inception, has been working to accomplish the same vision using all the technologies of Consciousness provided, used, and verified by Maharishi ji for creating ideal individuals and society having Knowledge, power, and bliss and a peaceful, progressive, and harmonious world. This university is one of the universities applying all the principles and ideologies founded by the founder chancellor, not just having University in his name. The priority of the university is increasing Sattwa (orderliness and purity) in the individual and collective consciousness, so all the faculty, staff, and students are taught Transcendental Meditation and TM Siddhi program (benefits of the TM and TM Siddhi programs may be added here or in an annexure) to not only provide all knowledge in every brain and not just in libraries, and while doing so through the Field effect simultaneously contributing to and creating world peace.
------	--	--

		The thrust is to explore the Veda, Vedic literature, and Vedic technologies in the light of Maharishi Vedic Science and propagate the knowledge to all the students and society, establishing large groups of Transcendental Meditation and TM Siddhi practitioners are not only benefiting them individually but also Create harmony and orderliness in collective consciousness to win over the tendencies of terror and war and create peace and prosperity for the nation and the whole world through the proper use of Vedic Technologies of Yagya, Yog, Udyog, Jyotish, Sthapatya Ved, Ayurved, GandharvaVed, etc. The education provided in the university is not merely filling the brain with information, but also it should bring in all-round development of the youngsters and make them worthy citizens of the country. It is hoped that the university will grow in stature and serve the society at large in the days to come. It is one of the few Vedic Universities on the international scene offering Maharishi's Consciousness-Based Education. This is the only University in the whole world.
--	--	--

16. Strength and Weaknesses of the University

16.1	Strengths of the University	1. This is one of the few Vedic universities offering Adhyatmic , Adhidevic, and Adhi Bhautic, that is, the total knowledge in the whole world. 2. The university teaches Transcendental Meditation to all the stakeholders and society at large in this tension-gripped world to relieve their stresses and strains and provide inner peace and outer
------	-----------------------------	--

		progress. 3. This university is situated at the geographical center of India, known as Brahmsthan of India. 4. It is bestowed with the choicest greenery and natural beauty by nature, with green hillocks encompassing the campus. The campus is heavenly purified by the daily oblations offered by 1331 trained Vedic Pundits. 5. Looking to the absolute rural base, the WI-FY facility is introduced by the university. 6. Vedic University provides an integrated, unified version of all aspects of life through the study of Maharishi Vedic Science and experience of Transcendental Consciousness. 7. Eco-friendly campus. 8. Alumni Association
16.2	Weaknesses of the University`	1. The campus is away from the city in a deep rural/tribal area, thereby far too disconnected for the students. 2. The society in the vicinity is so poor that their financial fee support is measurably weak for the sustenance of a self-financing university. 3. Village people do not aspire to study ancient/traditional subjects with that zeal in contrast with city dwellers. 4. Being in a remote area, there is a dearth of good senior teachers who refuse to come to avoid double establishment. 5. Lack of financial grant-in-aid from any agency. <i>Institutional Opportunity:</i> 1. The university can leap into the

		international arena by starting English-medium coaching in various Vedic disciplines and technologies, being unique in the world. 2. The environmental & geographical situations tend to develop the university internationally in the field of Ayurveda because the whole land track is full of Ayurvedic trees and plants. 3. Since modern society is ridden with tensions, stresses, and worries, besides fear of war and terror, transcendental meditation, its advanced techniques, and Vedic technologies are helpful in solving all of these problems. MMYVV, offering these courses, can become an international center for peace, harmony, and knowledge in the whole world. 4. The students of Veda, the professionals in the field of Vedic technologies, can be deployed in foreign countries as Vedic experts to provide Vedic knowledge and help people to make their lives peaceful and progressive. 5. The student of Jyotish shall not only get their livelihood through the knowledge of astrology but will also help the individuals and society to avert the danger or problems before they arise. 6. The passed-out students of Sthapatya Ved (Vastushastra) shall get their livelihood through the knowledge of Vastu consultancy, helping the individuals and society to reside in tune with nature for being healthy and successful.
